LEA: ESTE DOCUMENTO CONTIENE INFORMACIÓN SOBRE LOS MEDICAMENTOS QUE CUBRE ESTE PLAN. Esta lista de medicamentos cubiertos se actualizó el 04/18/2024. Para obtener información más reciente o si tiene otras preguntas, comuníquese con Ultimate Health Plans Servicios para Miembros al 1-888-657-4170 y para usuarios TTY, 711, de lunes a domingo, de 8:00 a. m. a 8:00 p. m. hora del Este (en ciertos momentos del año podríamos usar tecnologías alternativas para responder sus llamadas los fines de semana y los feriados federales) o visite www.ChooseUltimate.com.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Ultimate Health Plans. When it refers to “plan” or “our plan,” it means Premier by Ultimate (HMO).

This document includes a list of the drugs (formulary) for our plan which is current as of 05/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Ultimate Health Plans Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled “How do I request an exception to the Ultimate Health Plans Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier, or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Ultimate Health Plans Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 05/01/2024. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. In the event of midyear non-maintenance formulary changes, we update our printed formularies at the next printing, and we also publish a monthly summary of all drug list changes, which is available for download from our website or in printed format upon request.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 71. The Index provides an alphabetical list of all the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 30 per prescription for alprazolam ER 1 mg tablets. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.
- **Opioid Limits:** Our plan may need to perform a closer safety review of the prescription with the prescribing doctor if an opioid prescription exceeds a certain amount. You may be limited to a 7-day supply or less for acute pain when filling your opioid prescription. Additionally, if you are taking more than one opioid, additional limits called morphine milligram equivalent (MME) may apply. A review may be necessary to monitor safe dosing levels. If your doctor prescribes more than the amount, you or your doctor can ask our plan to cover the additional amount. Please call 1-800-311-7517 to initiate the safety review.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Ultimate Health Plans formulary?" on page iv for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Ultimate Health Plans Formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believes that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 98 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

We will cover a Transition Supply for enrollees who have a level of care change, which is defined as when enrollees:

- Enter a Long-Term-Care (LTC) facility from a hospital or other setting
- Leave a Long-Term-Care (LTC) facility and return to the community
- Are discharged from a hospital to a home
- End a skilled nursing facility (SNF) stay covered under Medicare Part A (where all pharmacy charges are covered), and must revert to coverage under their Part D plan Formulary
- Revert from hospice status to standard Medicare Part A and Part B benefits; or
- Are discharged from a psychiatric hospital with a medication regimen that is highly individualized

For more information

For more detailed information about your plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>

Our Plan's Formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 71.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

B/D: This drug may be eligible for payment under Medicare Part B or Part D. Drugs covered under Medicare Part B are subject to the cost-sharing amount outlined in your Evidence of Coverage and Summary of Benefits. Authorization rules may also apply. Please call 800-311-7517 (TTY 711) for more information on cost-sharing and authorization requirements. We are available 24 hours a day, 7 days a week.

E: Excluded Drug. This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

GC: Coverage in the Gap. We provide additional coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.

MO: Mail Order Drug. This prescription is available through our mail order service, as well as through our retail network pharmacies. Generally, the drugs provided through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition. Our plan's mail-order service requires you to order a 90-day supply. Usually, a mail-order pharmacy order will get to you in no more than 14 days. However, if your order is delayed, immediately contact us so we can make arrangements for you to pick up your prescription at your local pharmacy. You may contact us 24 hours a day, 7 days a week at 1-800-311-7517 (TTY users dial 711).

PA: Prior Authorization. We require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, we limit the amount of the drug that we will cover.

ST: Step Therapy. In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

The Formulary is Divided into 4 Tiers

Every drug on the plan's Drug List is in one of 4 cost-sharing tiers with a corresponding cost-sharing amount depending on the plan as shown below. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- **Cost-Sharing Tier 1 (Generic)** includes generic drugs. This tier also offers drugs at the lowest cost.
- **Cost-Sharing Tier 2 (Preferred Brand)** includes preferred brand drugs and some generic drugs.
- **Cost-Sharing Tier 3 (Non-preferred Drug)** includes non-preferred brand drugs and some generic drugs.
- **Cost-Sharing Tier 4 (Specialty Tier)** includes high-cost drugs brand and generic drugs, which may require special handling and/or close monitoring. This is the highest-cost tier.

Nota para los miembros actuales: Esta lista de medicamentos cubiertos ha cambiado desde el año pasado. Revise este documento para asegurarse de que todavía tiene los medicamentos que usted recibe.

En esta lista de medicamentos (lista de medicamentos cubiertos), los términos “nosotros”, “nos” o “nuestro” hacen referencia a Ultimate Health Plans. Cuando se menciona “plan” o “nuestro plan”, se refiere Premier by Ultimate (HMO).

Este documento incluye la lista de medicamentos (cubiertos) correspondiente a nuestro plan, que está vigente a partir del 05/01/2024. Comuníquese con nosotros si desea obtener una lista de medicamentos cubiertos actualizada. Nuestra información de contacto y la fecha de la última actualización de la lista de medicamentos cubiertos aparece en la portada y en la contraportada.

Por lo general, se deben usar farmacias de la red para tener el beneficio de medicamentos recetados. Los beneficios, la lista de medicamentos cubiertos, la red de farmacias o los copagos/el coseguro podrían cambiar a partir del 1 de enero de 2024 y eventualmente durante el año.

¿Qué es la lista de medicamentos cubiertos de Ultimate Health Plans?

Un formulario es una lista de medicamentos cubiertos seleccionados por nuestro plan con el asesoramiento de un equipo de proveedores de atención médica, que representa las terapias recetadas que se cree que podrían ser necesarias en un programa de tratamiento de calidad. Por lo general, nuestro plan cubre los medicamentos mencionados en nuestra lista de medicamentos cubiertos, siempre que el medicamento sea médicamente necesario, se surta la receta en una farmacia de la red del plan y se cumplan otras reglas del plan. Para obtener más información de cómo surtir sus recetas, revise su Evidencia de Cobertura.

¿Puede cambiar la lista de medicamentos cubiertos (el formulario)?

La mayoría de los cambios en la cobertura de los medicamentos se hacen el 1 de enero, pero podemos agregar o quitar medicamentos de la Lista de medicamentos durante el año, pasarlos a diferentes niveles de costos compartidos o agregar nuevas restricciones. Debemos cumplir las reglas de Medicare para hacer estos cambios.

Cambios que le pueden afectar este año: En los casos de abajo, usted se verá afectado por los cambios de cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podríamos quitar inmediatamente de nuestra lista de medicamentos algún medicamento de marca si lo reemplazamos por un nuevo medicamento genérico que se incluirá en el mismo nivel de costo compartido o en uno inferior y con las mismas o con menos restricciones. Además, al agregar el nuevo medicamento genérico, es posible que decidamos conservar el medicamento de marca en nuestra lista de medicamentos, pero que lo traslademos inmediatamente a otro nivel de costos compartidos o que agreguemos nuevas restricciones. Si actualmente toma ese medicamento de marca, es posible que no le avisemos antes de hacer el cambio, pero posteriormente le daremos información sobre los cambios específicos que hayamos hecho.
 - Si hacemos un cambio de este tipo, usted o el proveedor que receta pueden pedirnos que hagamos una excepción y que continuemos cubriendo el medicamento de marca. En el aviso que le enviemos, también incluiremos información de cómo pedir que se haga una excepción. Además, puede encontrar información en la sección de abajo llamada “¿Cómo pido que se haga una excepción a la lista de medicamentos cubiertos de Ultimate Health Plans ?”
- **Medicamentos que se quitan del mercado.** Si la Administración de Alimentos y Medicamentos considera que un medicamento que está incluido en nuestra lista de medicamentos cubiertos no es seguro o si el fabricante del medicamento lo saca del mercado, quitaremos inmediatamente ese medicamento de nuestra lista de medicamentos cubiertos y les avisaremos a los miembros que toman el medicamento.

- **Otros cambios.** Es posible que hagamos otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podríamos agregar un medicamento genérico que no es nuevo para reemplazar un medicamento de marca que está incluido actualmente en la lista de medicamentos cubiertos o, podríamos agregar nuevas restricciones al medicamento de marca o pasarlo a otro nivel de costos compartidos o podríamos hacer ambas cosas. También podríamos hacer cambios según las nuevas directrices clínicas. Si quitamos medicamentos de nuestra lista de medicamentos cubiertos, agregamos el requisito de autorización previa, límites de cantidades o restricciones de terapia escalonada de un medicamento o pasamos el medicamento a un nivel superior de costos compartidos, tenemos la obligación de avisarles a los miembros afectados sobre el cambio, al menos 30 días antes de que entre en vigencia o cuando el miembro pida resurtir el medicamento, en ese momento el miembro recibirá un suministro del medicamento para 30 días.
 - Si hacemos estos otros cambios, usted o su proveedor que receta pueden pedirnos que hagamos una excepción y que continuemos cubriendo el medicamento de marca para usted. En el aviso que le enviemos, también incluiremos información de cómo pedir que se haga una excepción. Además, puede encontrar información en la sección de abajo llamada “¿Cómo pido que se haga una excepción a la lista de medicamentos cubiertos de Ultimate Health Plans?”

Cambios que no lo afectarán si está tomando el medicamento actualmente. Por lo general, si está tomando un medicamento que está en nuestra lista de medicamentos cubiertos de 2024 y estaba cubierto a principios del año, no interrumpiremos ni reduciremos la cobertura del medicamento durante la cobertura del año 2024, excepto como se describe arriba. Esto significa que durante el resto del año de cobertura estos medicamentos seguirán estando disponibles con los mismos costos compartidos y sin nuevas restricciones para los miembros que los toman. No recibirá ningún aviso directo este año sobre los cambios que no le afecten. Sin embargo, el 1 de enero del próximo año esos cambios lo afectarán y es importante que revise la Lista de medicamentos del nuevo año de beneficios para ver si hubo algún cambio en los medicamentos.

La lista de medicamentos cubiertos que se adjunta es la que está en vigencia a partir del 05/01/2024. Para obtener información actualizada sobre los medicamentos que cubre nuestro plan, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y en la contraportada. En el caso de que a medio año haya algún cambio en la lista de medicamentos cubiertos que no sean de mantenimiento, actualizaremos nuestra lista de medicamentos cubiertos impresos en la siguiente impresión, y también publicaremos un resumen mensual de todos los cambios en la lista de medicamentos, que puede descargar en nuestro sitio web o puede obtener en formato impreso, si lo pide.

¿Cómo uso la lista de medicamentos cubiertos?

Puede buscar su medicamento de dos formas en la lista de medicamentos cubiertos:

Condición médica

La lista de medicamentos cubiertos comienza en la página 1. Los medicamentos de esta lista de medicamentos cubiertos están agrupados por categorías, según el tipo de condiciones médicas que tratan. Por ejemplo, los medicamentos que se usan para tratar condiciones médicas del corazón se mencionan en la categoría Agentes cardiovasculares. Si sabe para qué se usa su medicamento, busque el nombre de la categoría en la lista que comienza debajo. Después busque su medicamento en el nombre de su categoría.

Orden alfabético

Si no sabe con seguridad en qué categoría buscar, busque el nombre de su medicamento en el Índice que comienza en la página 71. El Índice da una lista de todos los medicamentos que se incluyen en este documento, en orden alfabético. El Índice menciona los medicamentos de marca y los medicamentos genéricos. Busque su medicamento en el índice. Al lado de su medicamento, verá el número de la página donde podrá encontrar información de la cobertura. Vaya a la página mencionada en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre tanto los medicamentos de marca como los medicamentos genéricos. Un medicamento genérico es aquel aprobado por la FDA porque tiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos son más asequibles que los medicamentos de marca.

¿Hay alguna restricción en mi cobertura?

Es posible que algunos medicamentos cubiertos tengan más requisitos o límites en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Nuestro plan exige que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que deberá obtener la aprobación de nuestro plan antes de surtir sus recetas. Si no obtiene una aprobación, es posible que nuestro plan no cubra el medicamento.
- **Límites de las cantidades:** Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubre. Por ejemplo, nuestro plan da 30 tabletas de alprazolam ER 1 mg por cada receta. Esto podría ser además del suministro estándar de un mes o de tres meses.
- **Terapia escalonada:** En algunos casos, nuestro plan exige que primero pruebe ciertos medicamentos para tratar su condición médica antes de que cubramos otro medicamento para esa condición. Por ejemplo, si el medicamento A y el medicamento B sirven para tratar su condición médica, es posible que no cubramos el medicamento B a menos que antes haya probado el medicamento A. Si el medicamento A no le da resultado, entonces nuestro plan cubrirá el medicamento B.
- **Límites de opioides:** Es posible que nuestro plan deba realizar una revisión de seguridad más detallada de la receta con el médico que la recetó si una receta de opioides supera cierta cantidad. Es posible que esté limitado a un suministro de 7 días o menos para el dolor agudo al surtir su receta de opioides. Además, si está tomando más de un opioide, es posible que se apliquen límites adicionales llamados equivalentes en miligramos de morfina (EMM). Puede ser necesaria una revisión para controlar los niveles de dosificación seguros. Si su médico le receta una cantidad superior a la indicada, usted o su médico pueden pedirle a nuestro plan que cubra la cantidad adicional. Llame al 1-800-311-7517 para iniciar la revisión de seguridad.

Para saber si su medicamento tiene más requisitos o límites, consulte la lista de medicamentos cubiertos que comienza en la página 1. También puede visitar nuestro sitio web para obtener más información sobre las restricciones que se aplican a determinados medicamentos cubiertos. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto y la fecha de la última actualización de la lista de medicamentos cubiertos aparece en la portada y en la cubierta de atrás.

Puede pedirnos que hagamos una excepción a estas restricciones o límites o puede pedirnos una lista de otros medicamentos similares que puedan tratar su condición médica. Para obtener más información sobre cómo pedir que se haga una excepción, consulte la sección “¿Cómo pido que se haga una excepción a la lista de medicamentos cubiertos de Ultimate Health Plans?” en la página xi.

¿Qué sucede si mi medicamento no está en la lista de medicamentos cubiertos?

Si su medicamento no está incluido en esta lista de medicamentos cubiertos (formulario), debe comunicarse primero con Servicios para los Miembros y preguntar si su medicamento está cubierto.

Si le informan que nuestro plan no cubre su medicamento, tiene dos opciones:

- Puede pedirle a Servicios para Miembros una lista de medicamentos similares que cubra nuestro plan. Cuando reciba la lista, mostrarla a su médico y pídale que le recete un medicamento similar que cubra nuestro plan.
- Puede pedirnos que hagamos una excepción y cubramos su medicamento. Para obtener información sobre cómo pedir que hagamos una excepción, vea abajo.

¿Cómo pido que se haga una excepción a la lista de medicamentos cubiertos de Ultimate Health Plans?

Puede pedirnos que hagamos una excepción a nuestras reglas de cobertura. Hay varios los tipos de excepciones que puede pedir que hagamos.

- Puede pedirnos que cubramos un medicamento, aunque no esté incluido en nuestra lista de medicamentos cubiertos. Si se aprueba, se cubrirá este medicamento con un nivel predeterminado de costo compartido y no nos podrá pedir que le entreguemos el medicamento a un nivel de costo compartido inferior.
- Puede pedirnos que cubramos un medicamento del Formulario a un nivel de costo compartido menor, a menos que el medicamento esté en el nivel de especialidad. Si se aprueba, bajará la cantidad que deberá pagar por su medicamento.
- Puede pedirnos que no apliquemos las restricciones ni los límites de cobertura a su medicamento. Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que se cubrirá. Si su medicamento tiene límite de cantidad, puede pedirnos que no apliquemos el límite y que cubramos una cantidad mayor.

Por lo general, solo aprobaremos su petición de excepción, si los medicamentos alternativos que se incluyen en la lista de medicamentos cubiertos del plan, el medicamento con costos compartidos más asequibles o las otras restricciones de uso no son tan eficaces para tratar su condición, o podrían hacer que tenga efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión de cobertura inicial para una excepción de restricción de uso, nivel o formulario. **Cuando solicita una excepción de restricción de uso, nivel o formulario, debe enviar una declaración del proveedor que receta, o del médico que respalda la solicitud.** Por lo general, debemos tomar una decisión en un plazo de 72 horas después de haber recibido la declaración del proveedor que receta. Puede pedir que se haga una excepción expedita (rápida) si usted o su médico consideran que su salud podría verse gravemente perjudicada por tener que esperar hasta 72 horas para obtener una decisión. Si su petición es concedida, debemos darle nuestra decisión en un plazo máximo de 24 horas después de recibir la declaración de respaldo de su médico o del proveedor que receta.

¿Qué debo hacer antes de hablar con mi médico sobre cambiar mis medicamentos o pedir que se haga una excepción?

Como miembro nuevo o actual de nuestro plan, es posible que tome medicamentos que no están incluidos en nuestra lista de medicamentos cubiertos. O podría estar recibiendo un medicamento que está incluido en nuestra lista de medicamentos cubiertos, pero su posibilidad de obtenerlo es limitada. Por ejemplo, podría necesitar nuestra autorización previa antes de surtir su receta. Hable con su médico para decidir si debiera cambiar a un medicamento adecuado que esté cubierto o pedir que se haga una excepción a la lista de medicamentos cubiertos para que cubramos el medicamento que toma. Mientras habla con su médico para determinar qué opción es adecuada para usted, es posible que, en ciertos casos, cubramos su medicamento durante los primeros 90 días que usted es miembro de nuestro plan.

Cubriremos un suministro temporal de 30 días para cada uno de los medicamentos que no estén incluidos en nuestra lista de medicamentos cubiertos o si la capacidad para obtenerlos estuviera limitada. Si su receta es para menos días, podremos permitir que se resurta el medicamento hasta un suministro máximo hasta de 30 días. Después de su primer suministro de 30 días, no pagaremos esos medicamentos aunque haya sido miembro del plan menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en nuestra lista de medicamentos cubiertos o si tiene capacidad limitada para obtener sus medicamentos, pero tiene más de 98 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días, mientras pide que se haga una excepción a la lista de medicamentos cubiertos.

Cubriremos un suministro de transición para los inscritos que tengan un nivel de cambio de atención, que se define cuando los afiliados:

- Entran en un centro de atención a largo plazo (LTC) de un hospital u otro entorno
- Dejan un centro de atención a largo plazo (LTC) y regresan a la comunidad
- Reciben el alta hospitalaria para regresar a su casa
- Terminan la estancia en un centro de enfermería especializada (SNF) cubierto según Medicare Parte A (que cubre todos los cargos de farmacia) y deben regresar a la cobertura de la lista de medicamentos cubiertos del plan de la Parte D
- Regresan del estado de cuidados paliativos a los beneficios estándares de Medicare Parte A y Parte B, o
- Reciben el alta de un hospital psiquiátrico con un tratamiento de medicamentos sumamente personalizado

Para obtener más información

Para obtener información detallada sobre la cobertura de medicamentos recetados de su plan, revise su Evidencia de Cobertura y otro material del plan.

Comuníquese con nosotros si tiene alguna pregunta sobre nuestro plan. Nuestra información de contacto y la fecha de la última actualización de la lista de medicamentos cubiertos aparece en la portada y en la cubierta de atrás.

Si tiene preguntas generales sobre la cobertura de medicamentos recetados de Medicare, llame a Medicare al 1-800-MEDICARE (1-800-633-4227), las 24 horas del día, los 7 días de la semana. Los usuarios de TTY deben llamar al 1-877-486-2048. O, visitar <http://www.medicare.gov>.

Lista de medicamentos cubiertos por nuestro plan

La lista de medicamentos cubiertos que comienza en la página 1 da información sobre la cobertura de los medicamentos que cubre nuestro plan. Si tiene dificultad para encontrar su medicamento en la lista, consulte el Índice que comienza en la página 71.

En la primera columna de la tabla aparece el nombre del medicamento. Los medicamentos de marca están en mayúscula (por ejemplo, JANUVIA) y los medicamentos genéricos están mencionados en minúscula e itálica (por ejemplo, *lisinopril*).

La información que se incluye en la columna Requisitos/Límites le permite saber si su plan tiene requisitos especiales para la cobertura de su medicamento.

B/D: Este medicamento puede ser eligible para pago bajo la Parte B o la Parte D de Medicare. Los medicamentos cubiertos por la Parte B de Medicare están sujetos al monto del costo compartido que se describe en su Evidencia de Cobertura y Resumen de Beneficios. También se pueden aplicar reglas de autorización. Llame al 800-311-7517 (TTY 711) para obtener más información sobre los costos compartidos y los requisitos de autorización. Estamos disponibles las 24 horas del día, los 7 días de la semana.

E: Medicamento excluido. Este medicamento recetado no suele estar cubierto por un plan de medicamentos recetados de Medicare. La cantidad que usted paga al surtir una receta de este medicamento no se tiene en cuenta para el total de sus gastos de medicamentos (es decir, la cantidad que paga no lo ayuda a calificar para una cobertura catastrófica). Además, si recibe más ayuda para pagar sus medicamentos recetados, no recibirá ningún otro tipo de ayuda para pagar este medicamento.

GC: Cobertura en el período sin cobertura. Damos más cobertura para este medicamento recetado durante el período sin cobertura. Para obtener más información sobre esta cobertura, consulte nuestra Evidencia de Cobertura.

MO: Medicamento pedido por correo. Este medicamento recetado está disponible a través de nuestro servicio de pedido por correo y a través de nuestras farmacias de la red. Por lo general, los medicamentos que se entregan por correo son aquellos que usted toma con frecuencia para tratar una condición médica crónica o de largo plazo. Cuando usa el servicio de pedido por correo del plan, es necesario pedir un suministro de 90 días. Generalmente, los pedidos que se hacen a través de este servicio llegarán en un plazo máximo de 14 días. No obstante, si el pedido se demora, comuníquese con nosotros de inmediato para que podamos hacer los arreglos pertinentes para que recoja el medicamento recetado en su farmacia local. Puede comunicarse con nosotros las 24 horas del día, los 7 días de la semana llamando al 1-800-311-7517 (si es usuario de TTY llame al 711).

PA: Autorización previa. Es necesario que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que deberá obtener una aprobación antes de surtir sus recetas. Si no obtiene una aprobación, es posible que no cubramos el medicamento.

QL: Límite de cantidad. Para ciertos medicamentos, limitamos la cantidad que se cubrirá del medicamento.

ST: Terapia escalonada. En algunos es necesario que primero pruebe ciertos medicamentos para tratar su condición médica antes de que cubramos otro medicamento para esa condición. Por ejemplo, si el medicamento A y el medicamento B sirven para tratar su condición médica, es posible que no cubramos el medicamento B a menos que antes haya probado el medicamento A. Si el medicamento A no le da resultado, entonces cubriremos el medicamento B.

La lista de medicamentos cubiertos se divide en 4 niveles

Cada medicamento incluido en la lista de medicamentos del plan está en uno de los 4 niveles de costos compartidos con una cantidad de costo compartido dependiendo del plan, como se muestra abajo. En general, cuanto más alto sea el nivel de costos compartidos, más alto será el costo que deberá pagar por el medicamento:

- **Nivel 1 de costo compartido (genérico)** incluye medicamentos genéricos. Este nivel también tiene medicamentos al menor costo.
- **Nivel 2 de costo compartido (marca preferida)** incluye medicamentos de marca preferida y algunos medicamentos genéricos.
- **Nivel 3 de costo compartido (medicamentos no preferidos)** incluye medicamentos de marca no preferidos y algunos medicamentos genéricos.
- **Nivel 4 de costo compartido (nivel de especialidad)** incluye medicamentos de marca y genéricos de alto costo, que pueden necesitar un manejo especial o una supervisión cercana. Este es el nivel de mayor costo.
