Prescription Drug Guide Guía de Medicamentos Recetados

Formulary Formulario

List of Covered Drugs | Lista de Medicamentos Cubiertos
Advantage Plus by Ultimate (Full) (HMO D-SNP)
Advantage Plus by Ultimate (Partial) (HMO D-SNP)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

This formulary was updated on 08/06/2026. For more recent information or other questions, please contact Ultimate Health Plans Member Services at 1-888-657-4170 (TTY: 711), 8:00 am to 8:00 pm, Monday through Friday. Between October 1 and March 31, we are available Monday through Sunday from 8:00 am to 8:00 pm or visit www.ChooseUltimate.com.

POR FAVOR LEA: ESTE DOCUMENTO CONTIENE INFORMACIÓN SOBRE LOS MEDICAMENTOS QUE CUBRE ESTE PLAN.

Esta lista de medicamentos cubiertos se actualizó el 08/06/2026. Para obtener información más reciente o si tiene otras preguntas, comuníquese con Ultimate Health Plans Servicios para Miembros al 1-888-657-4170 (TTY: 711) de 8:00 am a 8:00 pm, de lunes a viernes. Entre el 1 de octubre y el 31 de marzo, estamos disponibles de lunes a domingo de 8:00 am a 8:00 pm o visite www.ChooseUltimate.com.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means Ultimate Health Plans. When it refers to “plan” or “our plan,” it means Premier by Ultimate (HMO).

This document includes the Drug List (formulary) for our plan which is current as of 01/01/2027. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

What is the Ultimate Health Plans formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Ultimate Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program.

We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at our network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here:

<https://chooseultimate.com/Home/PrescriptionDrugs>.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.**
We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Ultimate Health Plans Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Ultimate Health Plans Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2027 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2027 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 01/01/2027. To get updated information about the drugs covered by Ultimate Health Plans, please contact us. Our contact information appears on the front and back cover pages. In the event of midyear non-maintenance formulary changes, we update our printed formularies at the next printing, and we also publish a monthly summary of all drug list changes, which is available for download from our website or in printed format upon request.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed

under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 70. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

We cover both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** We require you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from us based on specific criteria before you fill your prescriptions. If you don’t get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, we limit the amount of the drug that we will cover. For example, we provide 30 tablets per prescription for alprazolam 1 mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

- **Opioid Limits:** We may need to perform a closer safety review of the prescription with the prescriber if an opioid prescription exceeds a certain amount. You may be limited to a 7-day supply or less for acute pain when filling your opioid prescription. Additionally, if you are taking more than one opioid, additional limits called morphine milligram equivalent (MME) may apply. A review may be necessary to monitor safe dosing levels. If you are prescribed more than the amount, you or your prescriber can ask our plan to cover the additional amount. Please call 1-800-311-7517 to initiate the safety review.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Ultimate Health Plans formulary?” on page below for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that we do not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by us. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Ultimate Health Plans.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Ultimate Health Plans Formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Ultimate Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a

coverage restriction. ***When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.*** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

We will cover a Transition Supply for enrollees who have a level of care change, which is defined as when enrollees:

- Enter a Long-Term-Care (LTC) facility from a hospital or other setting
- Leave a Long-Term-Care (LTC) facility and return to the community
- Are discharged from a hospital to a home
- End a skilled nursing facility (SNF) stay covered under Medicare Part A (where all pharmacy charges are covered), and must revert to coverage under their Part D plan Formulary
- Revert from hospice status to standard Medicare Part A and Part B benefits; or
- Are discharged from a psychiatric hospital with a medication regimen that is highly individualized

For more information

For more detailed information about your Ultimate Health Plans prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>

Ultimate Health Plans Formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by us. If you have trouble finding your drug in the list, turn to the Index that begins on page 70.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The information in the Requirements/Limits column tells you if we have any special requirements for coverage of your drug.

B/D: This drug may be eligible for payment under Medicare Part B or Part D. Drugs covered under Medicare Part B are subject to the cost-sharing amount outlined in your Evidence of Coverage and Summary of Benefits. Authorization rules may also apply. Please call 800-311-7517 (TTY 711) for more information on cost-sharing and authorization requirements. We are available 24 hours a day, 7 days a week.

E: Excluded Drug. This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

MO: Mail Order Drug. This prescription is available through our mail order service, as well as through our retail network pharmacies. Generally, the drugs provided through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition. Our plan's mail-order service requires you to order a 90-day supply. Usually, a mail-order pharmacy order will get to you in no more than 14 days. However, if your order is delayed, immediately contact us so we can make arrangements for you to pick up your prescription at your local pharmacy. You may contact us 24 hours a day, 7 days a week at 1-800-311-7517 (TTY users dial 711).

PA: Prior Authorization. We require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, we limit the amount of the drug that we will cover.

ST: Step Therapy. In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

The Formulary is Divided into 6 Tiers

Every drug on the plan's Drug List is in one of 6 cost-sharing tiers with a corresponding cost-sharing amount as shown below. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- **Cost-Sharing Tier 1 (Preferred Generic)** includes generic drugs. This tier also offers drugs at the lowest cost.
- **Cost-Sharing Tier 2 (Generic)** includes generic or brand drugs.
- **Cost-Sharing Tier 3 (Preferred Brand)** includes preferred brand drugs and some generic drugs.
- **Cost-Sharing Tier 4 (Non-preferred Drug)** includes non-preferred brand drugs and some generic drugs.
- **Cost-Sharing Tier 5 (Specialty Tier)** includes high-cost brand drugs and generic drugs. This is the highest-cost tier.
- **Cost-Sharing Tier 6 (Excluded Drugs Only)** includes prescription drugs not normally covered in a Medicare Prescription Drug Plan.

Cost-Sharing Tier	Copay or coinsurance for a 30-day supply at Retail Pharmacy	Copay or coinsurance for a 90-day supply at Retail Pharmacy (Up to a 100-day supply for some Tier 1 and Tier 2 drugs)	Copay or coinsurance for a 90-day supply at Mail Order Pharmacy (Up to a 100-day supply for some Tier 1 and Tier 2 drugs)	Copay or coinsurance for a 31-day long-term care supply
Advantage Plus by Ultimate (Full) (HMO D-SNP) 035				
Advantage Plus by Ultimate (Partial) (HMO D-SNP) 036				
Tier 1	\$0 copay	\$0 copay	\$0 copay	\$0 copay
Tier 2	\$0 copay	\$0 copay	\$0 copay	\$0 copay
Tier 3	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount
Tier 4	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount	25% coinsurance or LIS approved Subsidy amount
Tier 5	25% coinsurance or LIS approved Subsidy amount	Not Covered	Not Covered	25% coinsurance or LIS approved Subsidy amount

Central Nervous System Agents	Agentes del sistema nervioso central
Dental and Oral Agents	Agentes dentales y orales
Dermatological Agents	Agentes dermatológicos
Electrolytes/Minerals/Metals/Vitamins	Electrolitos/minerales/metales/vitaminas
Gastrointestinal Agents	Agentes gastrointestinales
Genetic or Enzyme or Protein Disorder: Replacement, Modifiers, Treatment	Trastorno genético, enzimático o proteico: Reemplazo, modificadores, tratamiento
Genitourinary Agents	Agentes genitourinarios
Hormonal Agents, Stimulant/Replacement/Modifying (Adrenal)	Agentes hormonales, estimulación/sustitución/modificación (suprarrenal)
Hormonal Agents, Stimulant/Replacement/Modifying (Pituitary)	Agentes hormonales, estimulación/sustitución/modificación (hipófisis)
Hormonal Agents, Stimulant/Replacement/Modifying (Sex Hormones/Modifiers)	Agentes hormonales, estimulación/sustitución/modificación (hormonas sexuales/modificadores)
Hormonal Agents, Stimulant/Replacement/Modifying (Thyroid)	Agentes hormonales, estimulación/sustitución/modificación (tiroides)
Hormonal Agents, Suppressant (Adrenal or Pituitary)	Agentes hormonales, inhibidor (suprarenal o hipofisarios)
Hormonal Agents, Suppressant (Thyroid)	Agentes hormonales, inhibidor (tiroides)
Immunological Agents	Agentes inmunológicos
Inflammatory Bowel Disease Agents	Agentes de la enfermedad inflamatoria intestinal
Metabolic Bone Disease Agents	Agentes de las enfermedades óseas metabólicas
Miscellaneous Therapeutic Agents	Agentes Terapéuticos, Misceláneos
Ophthalmic Agents	Agentes oftálmicos
Otic Agents	Agentes óticos
Respiratory Tract/Pulmonary Agents	Agentes para vías respiratorias/pulmonares
Skeletal Muscle Relaxants	Relajantes musculares esqueléticos
Sleep Disorder Agents	Agentes del trastorno del sueño

Nota para los afiliados actuales: Este formulario ha sufrido cambios desde el año pasado. Revise este documento para asegurarse de que aún contiene los medicamentos que usted toma.

Cuando este Listado de Medicamentos (formulario) haga mención a "nosotros", "nos" o "nuestro", se entenderá que se refiere a Ultimate Health Plans. Cuando se haga mención del "plan" o "nuestro plan", se entenderá que se refiere a Premier by Ultimate (HMO).

Este documento incluye el Listado de Medicamentos (formulario) para nuestro plan, actualizado al 08/06/2026. Para obtener un Listado de Medicamentos (formulario) actualizado, póngase en contacto con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del Listado de Medicamentos (formulario), aparece en las páginas de la portada y contraportada.

Por lo general, deberá acudir a las farmacias dentro de la red para hacer uso de su prestación de medicamentos recetados. Los beneficios, el formulario, la red de farmacias y/o los copagos/coseguro pueden sufrir modificaciones a partir del 1 de enero de 2027 y ocasionalmente durante el año.

¿Qué es el formulario de Ultimate Health Plans?

En este documento, utilizamos los términos Listado de Medicamentos y formulario como sinónimos. Un formulario es un listado de medicamentos cubiertos que hemos seleccionado en consulta con un equipo de proveedores de atención médica, que representa las terapias recetadas que se consideran parte necesaria de un programa de tratamiento de calidad.

En general, cubriremos los medicamentos que aparecen en nuestro formulario siempre que el medicamento sea médicamente necesario, la receta se surta en una farmacia de nuestra red y se cumplan otras normas del plan. Para obtener más información sobre cómo surtir sus recetas, revise la Evidencia de Cobertura.

¿Puede modificarse el formulario?

La mayoría de las modificaciones en la cobertura de medicamentos se realizan el 1 de enero, pero podemos añadir o eliminar medicamentos del formulario a lo largo del año, cambiarlos a nivel de costos compartidos diferente o añadir nuevas restricciones. Debemos respetar las normas de Medicare al hacer estas modificaciones. Las actualizaciones en el formulario se publican mensualmente en nuestro sitio web, que puede consultar aquí: <https://chooseultimate.com/Home/PrescriptionDrugs>.

Modificaciones que pueden afectarle este año: En los siguientes casos, se verá afectado por las modificaciones de cobertura durante el año:

- **Sustituciones inmediatas de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podemos eliminar inmediatamente un medicamento de nuestro formulario si lo sustituimos por una nueva versión determinada de ese medicamento que aparecerá en el mismo nivel de costos compartidos o en uno inferior y con las mismas restricciones o menos. Cuando añadimos una nueva versión de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero moverlo inmediatamente a un nivel de costos compartidos diferente o añadir nuevas restricciones.

Podemos realizar estas modificaciones inmediatas únicamente si añadimos una nueva versión genérica de un medicamento de marca o añadimos ciertas versiones biosimilares nuevas de un producto biológico original que ya estaba en el formulario (por ejemplo, añadir un biosimilar intercambiable que puede ser sustituido por un producto biológico original por una farmacia sin una nueva receta).

Si actualmente se encuentra tomando un medicamento de marca o un producto biológico original, es posible que no le comuniquemos por adelantado antes de realizar un cambio inmediato, pero posteriormente le proporcionaremos la información sobre el cambio o los cambios específicos que realicemos.

Si realizamos dicha modificación, usted o su médico pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento que ha sido cambiado. Para obtener más información, consulte la sección titulada "¿Cómo solicito una excepción al formulario de Ultimate Health Plans?".

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección siguiente titulada "¿Qué son los productos biológicos originales y qué relación guardan con los biosimilares?".

- **Medicamentos retirados del mercado.** Si un laboratorio retira un medicamento de la venta o la Administración de Alimentos y Medicamentos (FDA, por sus siglas en inglés) determina que sea retirado por motivos de seguridad o eficacia, podemos retirar inmediatamente el medicamento de nuestro formulario y comunicarlo posteriormente a los afiliados que lo toman.
- **Otras modificaciones.** Podemos hacer otras modificaciones que afecten a los afiliados que actualmente están tomando un medicamento. Por ejemplo, podemos retirar un medicamento de marca de nuestro formulario al añadir un equivalente genérico, o retirar un producto biológico original al añadir un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, o moverlo a un nivel de costos compartidos diferente, o ambas cosas. Podemos realizar modificaciones en función de nuevos lineamientos clínicos. Si retiramos medicamentos de nuestro formulario, añadimos la autorización previa, establecemos límites en cantidad y/o restricciones a la terapia escalonada de un medicamento, o movemos un medicamento a un nivel de costos compartidos más alto, debemos notificar el cambio a los afiliados afectados al menos 30 días antes de que el cambio se hace efectivo. De forma alternativa, cuando uno de los afiliados solicite resurtir un medicamento, pueden recibir un suministro de 30 días del medicamento y una notificación sobre la modificación.

Si realizamos estas otras modificaciones, usted y su médico pueden solicitarnos que hagamos una excepción en su caso y continuemos cubriendo el medicamento que ha estado tomando. La notificación que le hagamos también incluirá información sobre cómo solicita una excepción y podrá encontrar más detalles en la sección titulada "¿Cómo solicito una excepción al formulario de Ultimate Health Plans?".

Modificaciones que no le afectarán si actualmente está tomando el medicamento. Usualmente, si está tomando un medicamento de nuestro formulario de 2027 que estaba cubierto a principios de año, no suspenderemos ni reduciremos la cobertura del medicamento durante el año 2027, salvo en los casos descritos anteriormente. Esto significa que estos medicamentos seguirán estando disponibles al mismo costo compartido y sin nuevas restricciones para aquellos afiliados que los tomen durante el resto del año de cobertura. No recibirá una notificación directa este año sobre las modificaciones que no le afecten. Sin embargo, el 1 de enero del siguiente año, tales modificaciones le afectarán y es importante que consulte el formulario del nuevo año de beneficios para verificar si se han producido cambios en los medicamentos.

El formulario adjunto está actualizado al 08/06/2026. Para recibir información actualizada sobre los medicamentos cubiertos por Ultimate Health Plans, póngase en contacto con nosotros. Nuestra información

de contacto aparece en las páginas de la portada y contraportada. En caso de que se produzcan modificaciones en el formulario a mitad de año que no sean de mantenimiento, actualizamos nuestros formularios impresos en la siguiente edición, y también publicamos un resumen mensual de todas las modificaciones en la lista de medicamentos, disponible para descarga desde nuestro sitio web o en formato impreso previa solicitud.

¿Cómo uso el formulario?

Existen dos formas para localizar su medicamento en el formulario:

Enfermedad

El formulario inicia en la página 1. Los medicamentos en este formulario están agrupados en categorías dependiendo del tipo de enfermedades para cuyo tratamiento se utilizan. Por ejemplo, los medicamentos usados para tratar enfermedades del corazón aparecen en la categoría "Agentes cardiovasculares". Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en el listado que comienza debajo. Luego, busque su medicamento en el nombre de la categoría.

Listado alfabético

Si no está seguro o segura en qué categoría buscar, encuentre su medicamento en el índice que comienza en la página 70. El índice contiene un listado alfabético de todos los medicamentos incluidos en este documento. En él se incluyen tanto los medicamentos de marca como los genéricos. Consulte el índice y localice su medicamento. Junto a su medicamento, podrá ver el número de la página en la que encontrará información sobre la cobertura. Vaya a la página indicada en el índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Ofrecemos cobertura tanto para medicamentos de marca como genéricos. Un medicamento genérico está aprobado por la FDA por tener el mismo principio activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan igual de bien y cuestan menos que los medicamentos de marca. Existen medicamentos genéricos que sustituyen a muchos medicamentos de marca. A menudo, los medicamentos genéricos pueden sustituirse por los medicamentos de marca en la farmacia sin necesidad de una nueva receta, dependiendo de las leyes estatales.

¿Qué son los productos biológicos originales y qué relación guardan con los biosimilares?

En el formulario, cuando hablamos de medicamentos, esto puede incluir tanto a un medicamento como a un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos típicos. Debido a esta complejidad, en lugar de tener una forma genérica, los productos biológicos tienen alternativas llamadas biosimilares. En términos generales, los biosimilares funcionan igual de bien que el producto biológico original y pueden ser más baratos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son intercambiables y, dependiendo de las leyes estatales, pueden sustituirse por el producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituirse por medicamentos de marca.

Para más información sobre los tipos de medicamentos, consulte la Evidencia de Cobertura, Capítulo 5, Sección 3.1, "La Lista de Medicamentos", que indica qué medicamentos de la Parte D están cubiertos."

¿Hay alguna restricción a mi cobertura?

Algunos de los medicamentos cubiertos pueden tener requisitos adicionales o límites de cobertura. Estos

requisitos y límites pueden incluir:

- **Autorización previa:** Necesitamos que usted o su médico obtengan una autorización previa para determinados medicamentos. Esto significa que debe obtener nuestra aprobación basada en criterios específicos, antes de surtir sus recetas. Si no obtiene la aprobación, no podemos cubrir el medicamento.
- **Límites en cantidad:** Para ciertos medicamentos, establecemos límites en la cantidad que cubrimos. Por ejemplo, ofrecemos 30 tabletas por receta de alprazolam de 1 mg. Esto puede ser adicional al suministro estándar de uno o tres meses.
- **Terapia escalonada:** En algunos casos, solicitamos que primero pruebe determinados medicamentos para el tratamiento de su enfermedad antes de ofrecerle cobertura de otro medicamento para ese padecimiento. Por ejemplo, si tanto el Medicamento A como el Medicamento B se usan para tratar su enfermedad, nuestro plan puede no ofrecer cobertura del Medicamento B a menos que primero pruebe el Medicamento A. Si el Medicamento A no funciona para usted, nuestro plan entonces ofrecerá cobertura del Medicamento B.
- **Límites de opiáceos:** Tal vez necesitemos realizar una revisión de seguridad más exhaustiva de la receta con el médico si una receta de opioides excede una cantidad determinada. Al surtir su receta de opioides, es posible que se limite a un suministro de 7 días o menos en caso de dolor agudo. Además, si está tomando más de un opioide, pueden aplicarse límites adicionales denominados miligramos equivalentes de morfina (MEM). Una revisión puede ser necesaria para controlar los niveles seguros de dosificación. Si le recetan una cantidad superior a la indicada, usted o su médico pueden solicitar a nuestro plan que cubra la cantidad adicional. Por favor, llame al 1-800-311-7517 para iniciar una revisión de seguridad.

Para saber si su medicamento tiene requisitos adicionales o cuenta con restricciones, consulte el formulario que inicia en la página 1. También puede obtener mayor información sobre las restricciones aplicables a determinados medicamentos cubiertos visitando nuestro sitio web. Hemos publicado en línea los documentos que explican nuestras restricciones de autorización previa y de terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparecen en las páginas de la portada y contraportada.

Puede solicitarnos que hagamos una excepción a estas restricciones o limitaciones, o una lista de otros medicamentos similares que puedan tratar su enfermedad. Consulte la sección "¿Cómo solicito una excepción al formulario de Ultimate Health Plans?" a continuación para obtener información sobre cómo solicitar una excepción.

¿Qué sucede si mi medicamento no se encuentra en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), debe contactar primero a los Servicios para Afiliados y preguntar si su medicamento está cubierto.

Si se le comunica que no cubrimos su medicamento, cuenta con dos opciones:

- Puede solicitar a Servicios para Afiliados que le proporcione una lista con los medicamentos similares que están cubiertos por nosotros. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Ultimate Health Plans.

Last updated on/Actualizó el: 08/06/2026

- Puede solicitarnos que le concedamos una excepción para cubrir su medicamento. Consulte la siguiente información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario de Ultimate Health Plans?

Puede solicitarnos que hagamos una excepción a nuestras reglas de cobertura. Existen varios tipos de excepciones que puede solicitar:

- Puede solicitarnos que cubramos un medicamento incluso si no se encuentra en nuestro formulario. En caso de ser aprobada, este medicamento será cubierto a un nivel de costo compartido predeterminado y no podrá solicitar que le proporcionemos el medicamento a un nivel de costo compartido más bajo.
- Puede solicitarnos que dispensemos de una restricción de cobertura, incluida la autorización previa, la terapia escalonada o un límite de cantidad de su medicamento. Por ejemplo, para ciertos medicamentos, Ultimate Health Plans establece un límite en la cantidad de medicamentos que cubrimos. Si su medicamento cuenta con un límite de cantidad, puede solicitarnos que dispensemos el límite y cubramos una mayor cantidad.
- Puede solicitarnos que cubramos un medicamento del formulario con un nivel de costo compartido más bajo, salvo que el medicamento se encuentre en el nivel de especialidades. De ser aprobada, esto reducirá la cantidad que debe pagar por su medicamento.

Por lo general, únicamente aprobaremos su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de costo compartido más bajo o la aplicación de restricciones no resultan tan eficaces para usted y/o le provocan efectos adversos.

Usted o su médico deben ponerse en contacto con nosotros para solicitar una excepción de nivel o del formulario, incluyendo una excepción a una restricción de cobertura. ***Cuando solicite una excepción, su médico necesitará explicar los motivos médicos por los que necesita la excepción.*** Generalmente, debemos tomar nuestra decisión dentro de las 72 horas siguientes a la recepción de la declaración justificativa de su médico. Puede solicitar una decisión expedita (rápida) si considera, y nosotros estamos de acuerdo, que su salud podría verse seriamente perjudicada si espera hasta 72 horas a recibir una decisión. Si estamos de acuerdo, o si su médico solicita una decisión expedita, debemos comunicar nuestra decisión a más tardar 24 horas después de recibir la declaración justificativa de su médico.

¿Qué puedo hacer si mi medicamento no se encuentra en el formulario o cuenta con una restricción?

Como afiliado(a) nuevo(a) o que continúa en nuestro plan, es posible que esté tomando medicamentos que no están en nuestro formulario o que, aunque estén en el formulario, tengan una restricción de cobertura, como una autorización previa. Debe hablar con su médico para decidir si debe cambiar a un medicamento cubierto por nosotros o solicitar una excepción al formulario para que cubramos el medicamento que está tomando. Mientras consulta con su médico para decidir el curso de acción adecuado, es posible que cubramos su medicamento en determinados casos durante los primeros 90 días de su afiliación a nuestro plan.

Para cada uno de sus medicamentos que no está en nuestro formulario o tiene una restricción de cobertura, cubriremos un suministro temporal de 30 días. Si su receta es para menos días, le permitiremos reponer el medicamento hasta un máximo de 30 días de suministro. Si no se aprueba la cobertura, después de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si ha estado afiliado(a) a nuestro plan

menos de 90 días.

Si es residente de un centro de cuidados a largo plazo y necesita un medicamento que no está en nuestro formulario o si su acceso al medicamento es limitado, pero ya ha pasado los primeros 90 días de afiliación a nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras tramita una excepción al formulario.

Cubriremos un suministro de transición para los afiliados que experimenten un cambio de nivel de atención, definido como cuando los afiliados:

- Ingresan a un centro de Atención a Largo Plazo (LTC) desde un hospital u otro centro
- Abandonan un centro de Atención a Largo Plazo (LTC) y regresan a la comunidad
- Son dados de alta de un hospital a un domicilio
- Finalizan una estancia en un centro de enfermería especializada (SNF, por sus siglas en inglés) con cobertura de Medicare Parte A (donde todos los gastos farmacéuticos están cubiertos) y debe volver a la cobertura según el formulario de la parte D de su plan
- Regresan del estado de cuidados paliativos a los beneficios estándar de la Parte A y la Parte B de Medicare; o
- Reciben el alta de un hospital psiquiátrico con un régimen de medicamentos muy individualizado

Para más información

Para obtener información más detallada sobre su cobertura de medicamentos recetados de Ultimate Health Plans, consulte su Evidencia de Cobertura y otros materiales del plan.

Si tiene preguntas sobre nuestro plan, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparecen en las páginas de la portada y contraportada.

Si tiene preguntas generales sobre medicamentos recetados de Medicare, comuníquese con Medicare al 1-800- MEDICARE (1-800-633-4227) disponible las 24 horas al día, los 7 días de la semana. Los usuarios de TTY deben llamar al 1-877-486-2048. También puede visitar <http://www.medicare.gov>

Formulario de Ultimate Health Plans

El formulario que se encuentra en la página 1 contiene información sobre la cobertura que ofrecemos para los medicamentos. Si tiene problemas para localizar su medicamento en la lista, consulte el índice que comienza en la página 70.

La primera columna de la tabla indica el nombre del medicamento. Los medicamentos de marca se muestran en mayúsculas (por ejemplo, JANUVIA), y los medicamentos genéricos en cursiva minúscula (por ejemplo, *lisinopril*).

La información en la columna de Requisitos/Límites indica si tenemos requisitos especiales para la cobertura de su medicamento.

B/D: Este medicamento puede ser elegible para pago bajo Medicare Parte B o Parte D. Los medicamentos cubiertos bajo Medicare Parte B están sujetos a la cantidad de costo compartido indicada en la Evidencia de Cobertura y el Resumen de Beneficios. También pueden aplicarse reglas de autorización. Por favor, llame al 800-311-7517 (TTY 711) para obtener más información sobre costos compartidos y requisitos de autorización. Estamos disponibles las 24 horas del día, los 7 días de la semana.

E: Medicamento excluido. Este medicamento recetado normalmente no se cubre en un Plan Medicare de Medicamentos Recetados. El importe que usted paga cuando surte una receta para este medicamento no cuenta para sus costos totales de medicamentos (es decir, el importe que usted paga no le ayuda a calificar para la cobertura catastrófica). Además, si está recibiendo ayuda adicional para pagar por sus recetas, no obtendrá ninguna ayuda adicional para pagar por este medicamento.

MO: Medicamento por correo. Esta receta está disponible a través de nuestro servicio de pedido por correo, así como en nuestras farmacias de la red minorista. En general, los medicamentos proporcionados a través del servicio de pedido por correo son aquellos que usted toma de manera regular, para una enfermedad crónica o a largo plazo. El servicio de pedido por correo de nuestro plan exige que solicite un suministro para 90 días. Lo más común es que un pedido de farmacia por correo lo reciba en un plazo máximo de 14 días. Sin embargo, si experimenta un retraso, contáctenos inmediatamente para que podamos hacer los trámites necesarios para que recoja su receta en su farmacia local. Puede contactarnos las 24 horas del día, los 7 días de la semana, llamando al número 1-800-311-7517 (los usuarios de TTY deben llamar al 711).

PA: Autorización previa. Requerimos que usted o su médico obtengan una autorización previa para determinados medicamentos. Esto significa que necesitará obtener nuestra aprobación antes de surtir sus recetas. Si no obtiene la aprobación, es posible que no cubramos el medicamento.

QL: Límite en cantidad. Para ciertos medicamentos, establecemos límites en la cantidad que cubrimos.

ST: Terapia escalonada. En algunos casos, solicitamos que primero pruebe determinados medicamentos para el tratamiento de su enfermedad antes de ofrecerle cobertura para otro medicamento para ese padecimiento. Por ejemplo, si tanto el Medicamento A como el Medicamento B sirven para tratar su enfermedad, es posible que no cubramos el Medicamento B a menos que primero pruebe el Medicamento A. Si el Medicamento A no funciona para usted, entonces cubriremos el Medicamento B.

El formulario se divide en 6 niveles

Cada medicamento de la Lista de Medicamentos del plan se encuentra en uno de los 6 niveles de costo compartido, con el correspondiente importe de costo compartido, como se indica a continuación. En general, cuanto más alto sea el nivel de costo compartido, mayor será el costo del medicamento:

- **Nivel 1 de costos compartidos (genéricos preferidos)** incluye medicamentos genéricos. Este nivel también ofrece medicamentos al costo más bajo.
- **Nivel 2 de costos compartidos (genéricos)** incluye medicamentos genéricos o de marca.
- **Nivel 3 de costos compartidos (marca preferida)** incluye medicamentos de marca preferida y algunos medicamentos genéricos.
- **Nivel 4 de costos compartidos (medicamento no preferido)** incluye medicamentos de marca no preferidos y algunos medicamentos genéricos.
- **Nivel 5 de costos compartidos (nivel de especialidades)** incluye medicamentos de marca y medicamentos genéricos de costo elevado. Este es el nivel con el costo más alto.
- **Nivel 6 de costo compartido (medicamentos excluidos)** incluye medicamentos recetados que normalmente no están cubiertos por un plan de medicamentos recetados de Medicare.

Nivel de costo compartido	Copago o coseguro por un suministro para 30 días en una farmacia minorista	Copago o coseguro por un suministro para 90 días en una farmacia minorista (suministro de hasta 100 días para algunos medicamentos del Nivel 1 y Nivel 2)	Copago o coseguro por un suministro para 90 días en el servicio de farmacia por correo (suministro de hasta 100 días para algunos medicamentos del Nivel 1 y Nivel 2)	Copago o coseguro por un suministro de cuidados a largo plazo de 31 días
